Experience

CaseWare | Software Developer Intern Sept. 2016 – Aug. 2017

- Designed and built an automated testing framework that reduced testing effort by finding defects early in the development cycle.
- Gained proficiency and practical experience with **C#, Selenium, Gherkin**, and **Visual Studio** IDE to create and maintain large projects.
- Documented entire framework using XML commenting and a **Markdown** guide so that the project could be understood and maintained by the team.

Carleton University | Teaching Assistant Sept. 2017 – Present

- Helping students understand and master basic programming (C) and software development concepts during weekly lab sessions.

Projects

Gather-Ring Project | Team Leader January 2018 – Present

- Designing a tracking system to be installed on the Gather-Ring installation.
- Managing project and delegating tasks, to ensure the proof-of-concept is functioning and built within budget and on schedule.
- Tracking visitors with ultrasonic sensors and microcontrollers to create patterns using LED lights to create an interactive community space.

Locations iOS App June 2016 – August 2017

- Developed an iOS application which allows the users to navigate a map and save various locations and view them later, to learn new skills.
- Using Apple frameworks such as **MapKit** and **CoreData** with Apple's design principles (HIG) to create an intuitive and responsive user interface.
- Using this experience to organize a workshop teaching others how to create a similar app and using iOS app development tools with Github.

Extra-curriculars

- **IEEE Carleton Student Branch, Computer Society Chair:** helping to organize competitions / workshops designed to teach students new skills.
- **CUHacking, Logistics Director:** organizing hackathon for over 400 students, to encourage learning and collaboration between students and industry.
- **CU Photography Club, Member:** participating in monthly collections and social events.

Interests

- Photography, reading, hackathons, soccer, technology, design (*I created this resume in Affinity Designer*).

Education

Carleton University

- B.Eng. Electrical – CGPA 10/12
Third year standing | Graduation: 2020

Practical Skills

- **Programming:**
Swift, Java, C#, C/C++, MATLAB, Python, Ruby
- **Software Tools:**
Visual Studio, Xcode, Selenium, Bash, Linux/Unix, TFS, Git, Eclipse
- **Other:**
Agile/Scrum, testing automation, debugging, scripting

Awards

- **People's Choice (2018)**
Awarded at McHacks for creating 'best hack', voted by participants.
- **APEO Scholarship (2017)**
Awarded for community involvement and academic success.
- **Murdoch Maxwell MacOdrum Scholarship (2016)**
Awarded to outstanding students.
- **Dean's List (2016)**
Awarded to students for academic excellence.
